

# MARKSMANSHIP

## SHOOTING CONTEST IN THE INTERNATIONAL FIREMEN'S STAR TOURNAMENT, GYULA 2009

**Place:** Gyula - Town firingrange

**Number of persons per teams:** each team will have three persons.

### Competition rules

The firing range is 50 m long, with closed system and multiple rifle ranges.

In the competition you have to aim at the target 50 m away either by lying down or standing.

In shooting you have to fire with low-calibre guns.

The Organizers will provide the guns and the ammunition upon payment of registration fee. Guns and bullets brought in by the participants cannot be used.

You can enter for the competition as single and as a team member.

Teams are made up of three persons. If someone is participating in more teams because another team would not have enough members then in the group results the scoring reached with the full team is the one that what counts, while in single's category the scoring is the result from the first firing.

Every contestant has three trial shoots, followed by the ten rated shoots.

In singles category, the result of the ten rated shoots is the final score of the participant; in team competition the results of the 30 shoots by the three participant will be the score for the team.

In case of identical scores, the final shooting series will determined the competition standing of the participant. If the third scorings are also the same, the better scoring in the second run is determinant. This principle is to be followed in case of repeated identity of scores.

**Disqualification:** for breaking the Marksmanship Committees Rules of Shooting

for breaking the Competition's Rules or the Firing Range's Rules

for not keeping the orders from the director of the Firing Range.

**Everyone has to follow the orders of the Organizers and the Supervisor of Firing Range!**
